See instructions below and on attached Page 162A.</u>

Naval Submarine Site in Pearl Harbor, HI. The following provisions shall apply to the submarines ordering from this location:

A) Orders will be placed using a unique administrative contract number, along with the corresponding call number for each submarine identified below. Each submarine will have a distinct call number series. This administrative contract number and call number is to be used for ordering, invoicing and reporting purposes, as defined under this contract. However, the prime vendor needs only to report the DODAAC assigned to the ordering site and total sales for that site with its monthly consumption data.

B) The following fleet units (submarines) apply with the associated UICs. Call numbers are assigned above:
UIC Pearl Harbor Berthed Submarines

R20996	USS Buffalo (SSN 715)
R21763	USS Charlotte (SSN 716)
R21832	USS Cheyenne (SSN 773)

R21816	USS Tucson (USS 770)

Naval Submarine Site in Pearl Harbor, HI. The following provisions shall apply to the submarines ordering from this location: (CONTINUED)

C) Each submarine above is expected to purchase about \$10,000 annually under this contract

D) Multiple requisitions for a single fleet unit shall be consolidated by the ordering office to the maximum extent possible on one call number. The ordering offices will only use the call numbers listed herein for each submarine as a way to identify orders associated with the fleet unit. The contractor shall pack each order ("tote") in such a way that the integrity of each call number is maintained.

E) Deliveries to the single delivery point shall be limited to 2 per week.

F) The 2 no-cost emergency orders per month shall apply to the ordering location, not each fleet unit (submarine) as described in this amendment. No controlled substances shall be ordered unless the contract is further modified with a DEA facility registration number applicable to the ordering office and delivery point. Regardless of the ordering site, the prime vendor shall deliver all orders to the delivery address listed in the schedule. Direct delivery by the prime vendor to an individual fleet unit is not a part of the contract.
